

ARTEMIS
BIO SOLUTIONS

Many threats. One solution.

BIO-OXYGEN[®] MSR PLUS

Artemis Bio-Oxygen[®] MSR Plus is a proprietary, ready to use **low odor** formula that removes mold, mildew and algae stains from virtually any hard surface in minutes with one application.

Use **Bio-Oxygen[®] MSR Plus** to removes mold, mildew and algae stains from wood, lumber, vinyl siding, concrete, tile, grout, fiberglass and more. Simply spray **Bio-Oxygen[®] MSR Plus** on the surface and watch the stains disappear.

Designed for the professional remediator/contractor to reduce labor, time and costs.

Low odor profile ideal for use in attics, crawl spaces, basements and confined areas.

Coverage: when using a standard (chemical resistant) pump sprayer, 1 gallon typically covers 200-250 square feet (based on level of staining)

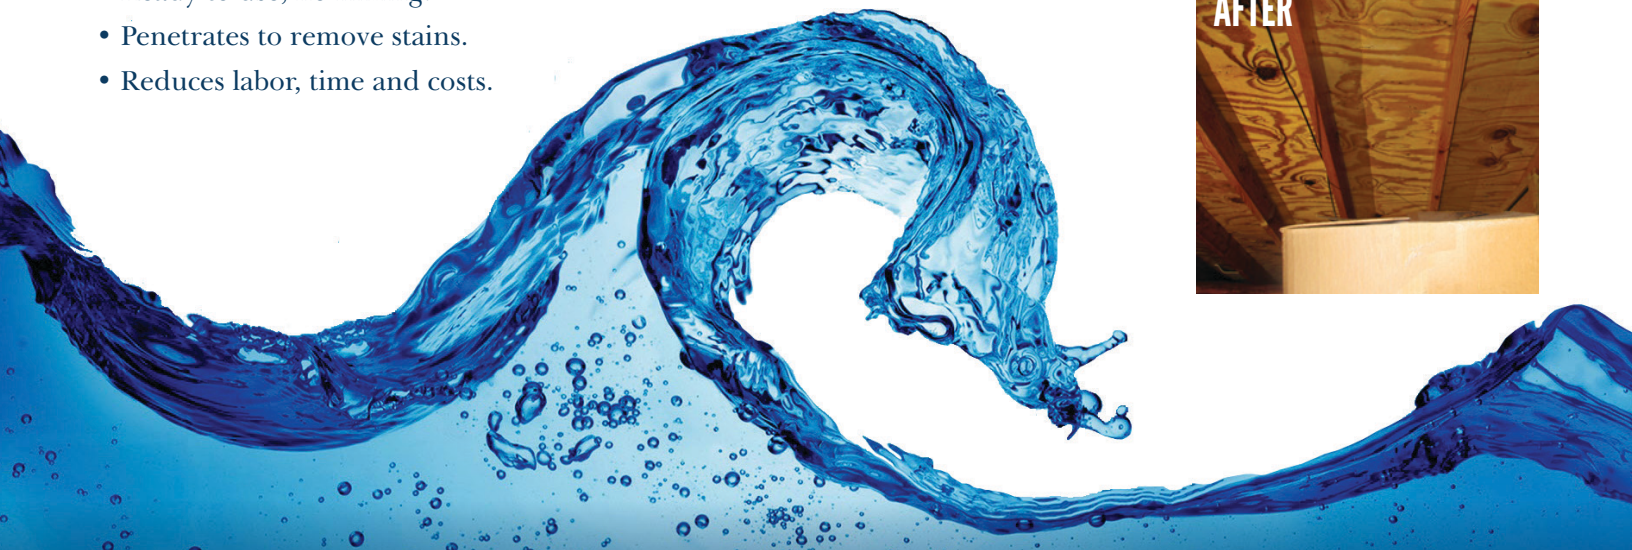

6-month shelf life

Product made fresh weekly
